Item 8.01. Other Events.

On January 16, 2018, Ur-Energy Inc. (“Ur-Energy”) Energy Fuels Inc. (“Energy Fuels”) jointly submitted a Petition to the U.S. Department of Commerce (“DOC”) for Relief Under Section 232 of the Trade Expansion Act of 1962 (as amended) from Imports of Uranium Products that Threaten National Security (the “Petition”).

The Petition was filed by Ur-Energy and Energy Fuels pursuant to the Trade Expansion Act of 1962, as amended (the “Act”), and 15 C.F.R. §705.5. The Act was promulgated by Congress to protect essential national security industries whose survival is threatened by imports. As such, the Act authorizes the Secretary of Commerce (the “Secretary”) to conduct investigations to evaluate the effects of imports of any item on the national security of the U.S. In the Petition, Ur-Energy and Energy Fuels describe the current state of the U.S. market for uranium, the detrimental impacts of imports of uranium on the U.S. uranium mining industry, particularly from state-subsidized foreign entities, and how the loss of a viable U.S. uranium mining industry would have a significant detrimental impact on the national, energy, and economic security of the U.S. and the ability of the country to sustain an independent nuclear fuel cycle.

The Petition seeks remedies which will set a quota to limit imports of uranium into the U.S., effectively protecting 25% of the U.S. nuclear market for U.S. uranium production. Additionally, the Petition suggests implementation of a requirement for U.S. federal utilities and agencies to buy U.S. uranium in accordance with the President’s Buy American Policy.

Once the DOC initiates an investigation, the Secretary has 270 days to prepare a report to the President. Following receipt of the Secretary’s report, the President then has 90 days to act on the Secretary’s recommendations, and if necessary take action to “adjust the imports of an article and its derivatives” and/or pursue other lawful non-trade related actions necessary to address the threat.

There can be no certainty of the outcome of the investigation or the recommendation of the Secretary and therefore the outcome of this process is uncertain.
